Community Opposition To The Rezoning Proposal For 685 Peak View Dr

A testimonial and a question,

My wife and I dreamed of living in the Colorado mountains our whole lives. Two years ago our dream came true when we bought a home in Estes Park. It's been a wonderful 2 years. We chose this Estes Park neighborhood because of its beautiful homes and trees on spacious lots all around. From the top of Prospect Mountain then all the way south for as far as the eye can see. On a dark night, the lights in the valley below look like stars up in the sky. A quiet oasis away from the downtown hustle and bustle. Why would community leaders, elected to represent it's citizens, promote highly concentrated housing complexes and the ensuing destruction of mountainside and neighborhoods that we call home?

Happy New Year,

Larry Bader
